

QIM	2.5.3 IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in Examination Management System (EMS) of the Institution	Weightage 15
-----	--	-----------------

The college keeps its examination system open for modifications and thus strengthens it from time to time, ensuring the system fool proof and addresses the grievances of students, if any. The institutional IT integration and reforms in all the activities of the examination system are kept in par with the reforms pushed by the UGC for various engineering disciplines. The IT reforms in examination system of engineering education taken up by the premier technical institutions have been incorporated into our examination system and they include OBE- frame work for assessment process, evaluation of higher order abilities and professional skills in different forms like MOOCs, project works, Bloom's taxonomy for assessment design etc.
