

2.4.3 QnM	<i>Average teaching experience of full time teachers (Data to be provided only for the latest completed academic year, in number of years)</i>	Weightage 5
--------------	--	----------------

CLAIM

MLR Institute of Technology is highly committed to providing faculty with higher qualifications than prescribed by the statutory norms besides ensuring quality and excellence in teaching-learning. There is a subtle mix of the young and the most experienced in terms of the faculty. Retaining qualified teachers for the educational institute is of utmost importance for technical resources, supply and demand of their professional needs, official resources, opportunities and arrangement for professional training. Hence, recruitment and retention of proficient faculty are essential to keep up and enhance the quality of education and research performance of institutions.
